

**“IT IS HARD  
TO DANCE IF  
I CAN'T HEAR  
THE MUSIC”**

## HEAR AND SAY GIVES THE GIFT OF SOUND AND SPEECH SO CHILDREN, LIKE JESSICA, CAN DANCE, CAN SING AND HEAR THE WORDS 'I LOVE YOU'

Hearing loss is the most common disability in newborn babies globally. Thankfully for Queensland babies born deaf there is Hear and Say.

Clear and natural spoken language is a genuine reality for children who are deaf through early diagnosis, advanced hearing technology and the right therapeutic approach.

Our children will graduate from our program at six years of age, will attend regular schools and have the same opportunities as their hearing peers to realise their full potential in our hearing world.

Hear and Say has outgrown its premises in Aucherflower. We are now at the point where we cannot support current growth and demand for our services without moving to the next phase in our development.

Our vision is for an Early Childhood Centre of Excellence that will enable us to provide state-of-the-art technology and Auditory-Verbal Therapy to Queensland's deaf children under one roof.

To achieve this vision for the future two critical things stand in our way, **SPACE AND RESOURCES**.
